

NCAA Football Worksheet

Name: _____

The NCAA has 6 conferences that they consider “Major” conferences or BCS conferences. They are the Big 12, Big Ten, PAC 12, Big East, SEC, and ACC. The following boxplots display the final number of wins for each team in each of the 6 conferences during the 2010 season. Every year there is interest in determining which is the strongest conference.

1. Describe the shape of the distⁿ of wins from the Big East Conference.
Symmetric Skewed Right Skewed Left
2. If you were to use the **median** number of wins to rank the conferences, which would be the best? and which would be the worst?
3. If you were to use the **maximum** number of wins to rank the conferences, which would be the best? and which would be the worst?
4. Identify conference with the smallest range, that is the one with the most parity (equally talented teams).
